FIGHT NIGHT

GOING THE DISTANCE FOR KIDS IN PAIN

SATURDAY, OCTOBER 22nd, 2016

CANADA VS. PUERTO RICO

A BLACK TIE EVENT • An Evening of Great Food, Refreshments & Boxing

Dear Friend,

I would like to personally invite you to "Fight Night", a spectacular evening unlike any other world class amateur boxing event you have ever attended. Our guests will be treated to a delicious meal, wines, exceptional entertainment and silent auction.

Our Foundation's mission is simple, help kids in pain. We want to help kids live happier and healthier lives by supporting and funding initiatives that aid children experiencing pain through illness, long-term care and rehabilitation. The funds raised from this special day fund the Kids Kicking Cancer Canada program at Children's Hospital, Thames Valley Children's Centre and community hubs throughout the city. The program teaches the mind-body techniques of Martial arts instruction, breath work and meditation to empower children to heal physically, spiritually and emotionally.

Hope to see you ringside,

Brandon Prust
Co-Founder, Brandon Prust Foundation
